

Stacked Deck Grant Scoring System

The North Carolina Problem Gambling Program (NCPGP) grant application scoring system uses a 12-point scale for the grant review process. There is an overall impact activity score and an individual criteria score which will be combined for a total of 12 points. Applicants must at least receive a score of three to be considered for funding. Applicants with higher scores will receive preference. Past grant performance will also be taken into consideration by reviewing outcome reports.

Impact Activity Score Description

- The number of students that will go through the curriculum.
- The type of outreach activity that will be implemented.
- The groups that the outreach activity will reach.

Individual Criteria Score Description

- A Title 1 school designation or the number of children on free or reduced lunch.
- A school or organization in a county with a military installation.
- A school or organization that is a first time applicant or has not applied in five years.

Impact Activity Score

Impact Activity	Score
Teach 30 students the curriculum utilizing the PowerPoint presentation and notes.	1 point
Teach an entire grade the curriculum utilizing the PowerPoint presentation and notes.	2 points
